Leon discussed EWM growth is 4X than last year's EWM in Coon Lake.

Are other lakes experiencing the same?

Potential causes: minimal snow cover, early ice out, Zebra mussels?

Zebra mussels create deeper water quality readings. Arlan noted a 10+ foot reading on Coon Lake.

No Zebra mussels found in Coon Lake Zebra mussel traps.

Leon noted the appreciation of Keegan Lund and Kylie's promptness and attention to Coon Lake invasive species delineation approval.

PLM used Auxim-mimic herbicide for treatment

Leon requested approval for CLID to purchase two new GPS units for spotter team use.
